

Draft Climate Action Plan for Transportation Infrastructure (CAPTI)

Darwin Moosavi
Deputy Secretary for Environmental Policy & Housing
CalSTA
CTC Meeting | March 24, 2021

Tab 20

Governor's Executive Order N-19-19

Leverage state transportation spending to help meet state climate goals

- Align planning and programming with objectives of California Climate Change Scoping Plan
- Reduce VMT by directing investments in a way that support infill development, especially housing near jobs
- Reduce congestion through innovative strategies that encourage people to shift from cars to other modes of travel
- Fund infrastructure that encourages transit use, walking, and biking
- Mitigate for any increases in transportation costs incurred on lower income Californians

California State Agencies play a role in either scoping, recommending, or selecting projects in over \$5 Billion of transportation infrastructure funding annually:

- Active Transportation Program (ATP)
- Interregional Transportation Improvement Program (ITIP)
- Local Partnership Program (LPP)
- Solutions for Congested Corridors (SCCP)
- State Highway Operations & Protection Program (SHOPP)
- Trade Corridor Enhancement Program (TCEP)
- Transit & Intercity Rail Capital Program (TIRCP)

Process & Timeline

CAPTI is...

- A **holistic framework** for aligning State infrastructure investments with State climate, health, and social equity goals **built on the foundation of the “fix-it first” approach** established in SB 1.
- A **suite of proposed changes** to State transportation planning, programming, and mitigation activities **to align with the CAPTI framework**
- A balanced approach that considers the need to **ensure all areas of the state can benefit from changes**, and acknowledges the need for **a range of solutions in different contexts**.
- A **living document** that enables the CAPTI to adapt, pivot and modify approaches as needed

CAPTI Investment Framework

- **10 Guiding Principles** help create a vision for how transportation investments should be prioritized
- Set of **7 Strategies and approximately 30 actions** outline initial areas of work

Action Items Approach

- Aligning planning initiatives with the CAPTI framework;
- Updating program guidelines to strengthen alignment with CAPTI framework and climate goals;
- Creating new tools and working groups for collaboration on key issues where current gaps exist;
- Pursuing limited new authority for new initiatives or to enhance current initiatives; and
- Supporting and coordinating actions led by other sectors critical for plan's success

Upcoming Engagement Opportunities

- CTC-CARB-HCD Joint Meeting Presentation on Draft Plan: 04/08/21
- Additional workshop(s) for public feedback in late April
- Accepting public feedback at CAPTI@calsta.ca.gov until 05/04/21
- Final CAPTI release planned for June 2021
- Submittal of Plan to Governor and Legislature by July 15, 2021
