Project No. Dist-Co-Rte PM PPNO Project ID EA	Project Location and Description of Work	FY	Project Costs (\$1,000)		Program Code Leg./Congress. Dists. Perf. Meas.	
1 01-Men-101 4.0/R6.0 4775 0122000008 0L420	Near Hopland, from 0.9 mile north of Commisky Station Road to 0.1 mile north of Pieta Creek Bridge. Construct secant pile retaining wall.  <u>Note:</u> On August 5, 2021, a large existing landslide complex activated during work on an adjacent wall construction project. As a result, the isolation casing of a nearby bridge was displaced. Further studies concluded that this extensive unstable slide is an imminent threat to the bridge. This project will stabilize the slide by constructing a secant pile retaining wall. Other work includes stormwater management, construction of access road, and Naturally Occurring Asbestos (NOA) disposal.	21-22	PA&ED PS&E R/W Sup Con Sup R/W Cap <u>Const Cap</u> Total	\$0 \$0 \$10 \$3,000 \$10 <u>\$10,000</u> \$13,020	21-22 21-22 21-22 21-22	201.130 Assembly: 2 Senate: 2 Congress: 2 1 Location(s)
2 02-Sha-5 R38.0/R40.0 3857 0222000007 3J090	Near Lakehead, from 0.9 mile north of Upper Salt Creek Undercrossing to Antlers Bridge. Remove hazardous trees, replace damaged fence, repair drainage systems, and place erosion control.  <u>Note:</u> The Salt Creek Fire started on June 30, 2021 and burned over 12,000 acres before it was contained on July 19, 2021. The fire damaged fencing, drainage systems, and burned trees and vegetation. This project will remove hazardous trees, replace damaged fence, repair drainage systems, and place erosion control.	21-22	PA&ED PS&E R/W Sup Con Sup R/W Cap <u>Const Cap</u> Total	\$0 \$0 \$0 \$340 \$20 <u>\$1,130</u> \$1,490	21-22 21-22 21-22	201.130 Assembly: 1 Senate: 1 Congress: 1 2 Location(s)

## List of New 2020 SHOPP Capital Project Amendments

Project No. Dist-Co-Rte PM PPNO Project ID EA	Project Location and Description of Work	FY	Project Costs (\$1,000)		Program Code Leg./Congress. Dists. Perf. Meas.	
3 04-CC-80 5.1 2909P 0422000034 3W770	Near San Pablo, on El Portal Drive onramp to westbound Route 80. Reconstruct the damaged soundwall and concrete barrier.  <u>Note:</u> On July 17, 2021, a vehicle hit and damaged the soundwall and concrete barrier on Route 80. This caused a 22-foot long opening in the wall with steel bars severed and protruding out near the traveled way. The wall is also at a risk of collapsing onto the freeway and the frontage road. This project will reconstruct the damaged soundwall and concrete barrier. The responsible party has been identified and abatement will be sought.	21-22	PA&ED	\$0	201.130

4 04-SCI-152 M10.2/10.4 2910B 0422000051 3W840	In Gilroy, from Route 101 to Camino Arroyo. Reconstruct damaged pavement, repair light pole, sign posts, and landscaping, clean drainage system, and remove hazardous waste.  <u>Note:</u> On August 25, 2021, a truck carrying 500 gallons of cooking oil caught fire. The oil spilled on the traveled way and caused westbound roadway closure until the hazardous materials team could clean the spill. The spill damaged the pavement, light pole, and adjacent drainage system and landscaping. This project will reconstruct the damaged pavement, repair light pole, sign posts, and landscaping, clean drainage system, and remove hazardous waste. The responsible party has been identified and abatement will be sought.	21-22	PA&ED	\$0	201.130

Project No. Dist-Co-Rte PM PPNO Project ID EA	Project Location and Description of Work	FY	Project Costs (\$1,000)		Program Code Leg./Congress. Dists. Perf. Meas.	
5 05-SLO-46 R9.7 3065 0521000160 1P040	Near Templeton, at 1.7 miles west of Santa Rosa Creek Road. Partially replace and line failed culvert, and repair sinkhole.  <u>Note:</u> On February 25, 2021 a sinkhole was discovered on the eastbound slope of the highway. Subsequent investigations revealed a twenty-four inch corrugated metal pipe was filled with material. Department forces attempted to remove debris and inspect the pipe but were unsuccessful. A District Director's Order was approved on May 14, 2021 (EA 05-1N290) to clear and inspect the pipe. The inspection revealed a failed section of pipe. This project is necessary to excavate and replace the failed section of pipe, install Cured-In-Place-Pipe (CIPP) liner in the pipe, and apply erosion control.	21-22	PA&ED	\$0	201.130

Note: On July 4, 2021, the Tamarack Fire started and has burned over 68,000 acres, causing power outages, roadside damage and complete roadway closures. The access to the fire damaged areas is currently limited due to fire activity. The fires have caused damage to fences, guardrails, and other assets along the roadway. This project will remove hazardous trees, rocks and debris, and replace fencing and signs in fire damaged areas.

10 10-Ama-88 R62.0/71.0 3536 1022000046 1N870	Near Kirkwood, from 0.8 mile west of Tragedy Springs Road to 0.4 mile west of Kirkwood Meadows Drive; also in Alpine County from 1.0 mile east of Amador County line to 0.3 mile east of Schneider Cow Camp Road. 			<u>Const Cap</u>	<u>\$968</u>	20-21	1 Location(s)
		Total	\$1,388			
	<u>Note:</u> Since 2016, the Department has been using field maintenance resources and hazardous waste contracts to address damage from unsheltered encampments at this location. Human waste, debris, criminal activity, and illegal crossings of the adjacent railroad tracks have caused safety concerns for encampment residents and the nearby community. This project is necessary to remove the chain link fence, install a rock blanket to prevent further excavation, repair electrical and irrigation systems, and install security fencing to secure the area.
