CTP Implementation Purpose

- ◆ The California Transportation Plan (CTP) 2050 was finalized in December 2020, with plan implementation beginning immediately after.
- ◆ CTP Implementation identifies Department and partner efforts to implement the CTP actions.

Agency Alignment Progress Reporting

- ◆ CTP Implementation is tracked through a two-part process.
 - ◆ The CTP Dashboard is an ongoing and collaborative platform to share and receive progress implementing the CTP.
 - ◆ The CTP Implementation Report features a snapshot of progress made over the year and highlights specific efforts.

Agency Alignment Digital Dashboard

- ◆ Caltrans current CTP implementation monitoring process tracks the 2050 recommendations and new actions.
- ◆ Caltrans staff utilized an iterative process to design the dashboard and begin collecting efforts.

IMPLEMENTATION PARTNER FEEDBACK

On behalf of Caltrans,

We need your help. Caltrans cares about the future of transportation. CTP Implementation is an ongoing process, that not only involves Caltrans' work, but also the work of our partners. Please feel free to leave comments and questions or share potential implementing efforts. Caltrans will incorporate your feedback quarterly.

We sincerely thank you for your participation,

Caltrans
