## 2016 STIP HEARING BRIEFING BOOK

### California Transportation Commission

This briefing book is a compilation of all the 2016 Regional Transportation Improvement Programs (RTIPs) and the 2016 Interregional Transportation Improvement Program (ITIP), presented in a single format. The individual RTIPs and the ITIP were transmitted to the Commission in a wide variety of formats. The presentation here represents CTC staff's understanding and interpretation of those transmittals and is subject to correction and revision. The briefing book contains:

- **Statewide Summary:** this one-page summary includes, for each region and the interregional program, the total of highway projects, rail and transit projects, and bicycle and pedestrian projects proposed for the 2016 STIP. The summary table also provides a comparison of total programming by year with the year-by-year fund estimate capacity. It also includes a comparison – for each region and the interregional program – of the new programming proposed against the 2016 fund estimate targets.
- **Individual RTIP/ITIP Listings:** this is a summary of each RTIP and ITIP. Each summary includes:
  - STIP projects at Fund Estimate (August 2015). These are projects remaining from the 2014 STIP that were assumed to be carried forward.
  - Highway Project Proposals. This listing includes highway and road projects. It includes changes to prior programming and proposed project deletions.
  - Rail and Transit Project Proposals. This listing includes projects that were in prior years eligible for PTA funding, including changes to prior programming and proposed project deletions. These projects must now be eligible for State Highway Account or Federal funds.
  - Bicycle and Pedestrian Project Proposals. This listing may include projects that were in prior years eligible for TE funding, including changes to prior programming and proposed project deletions. These projects must now be eligible for State Highway Account or Federal (non-TE) funds.
  - Total Proposed Programming. This is the sum of the amounts proposed for highways, rail and transit, and bicycle and pedestrian projects.
  - Notes. This area includes various notes, comments, questions, or issues identified to date.

- At the bottom of each summary is the STIP share calculation showing:
  - Total County Share as of June 30, 2015
  - Existing programming as of approval of the Fund Estimate in August 2015 (includes Commission actions through June 30, 2015)
  - 2016 STIP formula net share distribution (Target)
  - Proposed New Programming
  - Share Balance – Either an unprogrammed balance or an amount advanced/overdrawn
  
- **It is important to remember that actions taken during FY 2015-16 are not reflected in these documents.**
