

2022 Local Partnership Formulaic Program Eligibility

The following information is excerpted from the 2022 Local Partnership Formulaic Program Guidelines and is meant to serve as a quick reference. The complete Formulaic Program guidelines document includes the policies and procedures that apply to the Formulaic Program, including funding restrictions. The complete guidelines can be found on the California Transportation Commission website [here](#) and should be reviewed in full prior to submitting a project nomination to ensure project eligibility.

Eligible Applicants

An eligible applicant under the Formulaic Program is a local or regional transportation agency that has sought and received voter approval of taxes, tolls, or fees which taxes, tolls, or fees are dedicated solely to transportation improvements. To be eligible that agency must also administer those taxes, tolls, or fees.

Eligibility Verification

Taxing authorities that have established eligibility prior to the adoption of these guidelines are listed in Appendix A.

Taxing authorities with new voter-approved tax measures, tolls, or fees that are potentially eligible for the Formulaic Program, must notify the Commission no less than six weeks prior to any future formulaic funding distribution adoption.

To verify eligibility, a taxing authority must submit the following information to the Commission:

- A cover letter signed by the taxing authority's Executive Director to affirm the taxes, tolls, or fees are dedicated solely to transportation improvements.
- A copy of the ordinance or resolution seeking voter-approval of the tax, toll, or fee.
- Ballot information.
- Election results (Official Statement of Votes Cast).
- For tolls, fees, and taxes other than sales taxes, a copy of the relevant section of the taxing authority's most recent audited financial statements indicating the revenue generated by the tax, toll, or fee, including posting location on the internet and information about how the revenues are reported to the State.

Upon receipt of all required documentation, the Commission will conduct a review and notify the taxing authority of the Commission's determination. The Commission may contact the taxing authority for additional information during the eligibility verification process.

Taxing authorities seeking verification of eligibility after adoption of the formulaic funding distribution must notify the Commission to be considered. If eligibility is established, an amendment to the funding distribution will be considered (refer to Section 9A. Distribution).

2022 Local Partnership Formulaic Program Eligibility

Eligible Projects

Eligible projects for the Local Partnership Program will be consistent with subdivisions (a) and (b) of Government Code Section 8879.70, and Streets and Highways Code Section 2032(a). The Commission encourages projects that align with the state's climate and equity goals as well as those that identify and incorporate the installation of conduit or fiber, where appropriate and feasible, along strategic corridors.

Eligible projects shall include all of the following:

- A. Improvements to the state highway system including, but not limited to, all of the following:
 - Major rehabilitation of an existing segment that extends the useful life of the segment by at least 15 years;
 - New construction to increase capacity of a highway segment that improves mobility or reduces congestion on that segment; and
 - Safety or operational improvements on a highway segment that are intended to reduce accidents and fatalities or improve traffic flow on that segment.
- B. Improvements to transit facilities, including guideways, that expand transit services, increase transit ridership, improve transit safety, enhance access or convenience of the traveling public, or otherwise provide or facilitate a viable alternative to driving.
- C. The acquisition, retrofit, or rehabilitation of rolling stock, buses, or other transit equipment, including, but not limited to maintenance facilities, transit stations, transit guideways, passenger shelters, and fare collection equipment with a useful life of at least 10 years. The acquisition of vans, buses, and other equipment necessary for the provision of transit services for seniors and people with disabilities by transit and other local agencies is an eligible project under this paragraph.
- D. Improvements to the local road system, including, but not limited to, the following:
 - Major roadway rehabilitation, resurfacing, or reconstruction that extends its useful life by at least 15 years;
 - New construction and facilities to increase capacity, improve mobility, or enhance safety; and
 - Safety or operational improvements that are intended to reduce accidents and fatalities or improve traffic flow on that segment.
- E. Improvements to bicycle or pedestrian safety or mobility with an extended useful life.
- F. Improvements to mitigate the environmental impact of new transportation infrastructure on a locality's or region's air quality or water quality, commonly known as "urban runoff," including management practices for capturing or treating urban runoff.

2022 Local Partnership Formulaic Program Eligibility

- G. For purposes of the Local Partnership Program, a separate phase or stage of construction for an eligible project may include mitigation of the project's environmental impacts, including, but not limited to, sound walls, landscaping, wetlands or habitat restoration or creation, replacement plantings, and drainage facilities.
- H. Sound walls for a freeway that was built prior to 1987 without sound walls and with or without high occupancy vehicle lanes if the completion of the sound walls has been deferred due to lack of available funding for at least 20 years and a noise barrier scope summary report has been completed within the last 20 years.
- I. Road maintenance and rehabilitation.
- J. Other transportation improvement projects.
